Screwholes
Indoor Chime unit

• The chime unit comes pre-paired with the video doorbell.
  If it doesnt sound when it should refer to the below:
• Press the "ring" button, to choose your desired ringtone.
   The indoor chime offers 36 different ringtones.
   each press changes the current ringtone.
• Press the "volume" button button for 5 seconds, till the music changes.
• Press the doorbell button to match the indoor chime. You can now press the call button of the doorbell and listen for the chime.

• To change the ringtone, please refer to the above pairing instructions.
• To change the volume, press the "volume" button once, to trigger it. There are 4 different volume levels to choose, from Low to High.

APP Pairing

1. Power up the device VIA the 5V Micro USB Cable, and fully charge
2. Once powered up. The LED on the front should be flashing blue, and it should say "the camera is now ready to being pairing".

The ClickSmart+ app will guide you through:
Entering the Wi-Fi Network and Password.
Using the Camera to scan a QR code.
Connecting the Device.
Resetting the Device

If the camera needs to be reset, connected to a new Wi-Fi network, or if it needs to be paired with a new master account, remove the device from the app, prior to resetting the device.

1. Using the reset key, long press the reset button until "system reset" is heard.
2. The device should now be reset, after 30 seconds, the unit should start to flash blue, and say "the system is now ready to begin pairing".
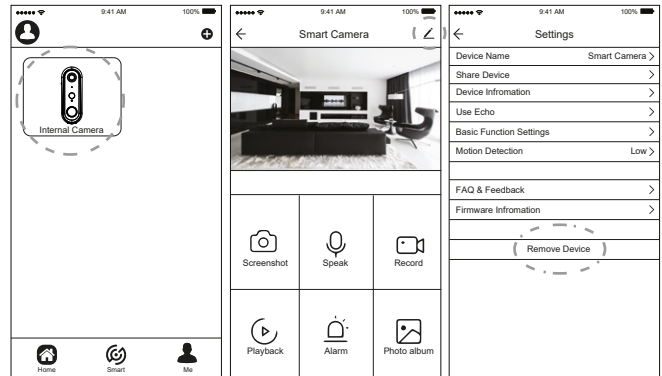

Guidance

>8-12hrs charge time required for full battery capacity
>Unit requires a minimum of 2 Mbps (upload/download)
>This unit only operates on 2.4GHz
>If the signal strength of your Wi-Fi router is weak: Change router/camera relative position to receive better signal, Use Wi-Fi repeater/extender to maximize the range of your Wi-Fi router.
>If the device is installed on a new network the unit will require resetting
>If the camera needs to be added to a new account, unbind the device from the first account prior to resetting the device.
