1 x 5mm x 330mm Flat Red Rod

1 x Mini Eye

1 x Domed Bullet

1 x Mini Hook

1 x Glow Claw

1 x Domed Eye

ABOUT

The Polymer Rod Set is a non-conductive cable routing tool, perfect for use in electrically sensitive areas such as data cabling, computer housings, telecoms and machinery.

The GRP and Polymer mixture used to produce the kit offers excellent strength, whilst different ratios and profiles offer a range of flexibilities. The 12 piece set offers an extensive collection of rods for working in conductive areas.

APPLICATION

• Route • Retrieve
